

Patent trainee intern – Electronics/Physics

Home based/ Cambridge

Stratagem IPM Ltd is a full-service, UK-based, out-sourced intellectual property law firm, with an enviable reputation throughout the life science and hi-tech communities for its strategic approach to attorney-led IP management. Our global reach, through our growing network of foreign legal contacts and clients, assists clients from start-ups through SME's to global corporations.

Why join us?

Our mission is to deliver a strategically different IP management service to build successful businesses with and for our clients. We work as a strategic part of the client's business to meet the commercial objectives needed from the Intellectual Property assets.

The Role

We are looking for an intern for up to 3 months. Subject to how this goes, there may be the opportunity to join our Patent Trainee Scheme, with full sponsorship to achieve professional qualifications as a European and UK Patent Attorney. You will be supporting our IP teams with a variety of tasks, giving you a real flavour of a career as a Patent Attorney.

About you

- You will have a degree in the electronics or physics, and a good knowledge of software and applications.
- You will be self-starter, resourceful and have bags of initiative
- You'll have great communications kills and be a team player
- You will be available for a minimum of 2 months, with the ability to travel to Cambridge when required

Interested? We'd love to hear from you! Send your CV and covering letter to recruitment@stratagemipm.co.uk
