

Part Qualified Life Sciences Patent Attorney Home based/ Cambridge/Oxford/Bristol

Stratagem IPM Ltd is a full-service, UK-based, out-sourced intellectual property law firm, with an enviable reputation throughout the life science and hi-tech communities for its strategic approach to attorney-led IP management. Our global reach, through our growing network of foreign legal contacts and clients, assists clients from start-ups through SME's to global corporations. Our on-going success has created the need for more dedicated professionals to join our team to assist us with a rapidly growing portfolio in the life sciences field.

Why join us?

Our mission is to deliver a strategically different IP management service to build successful businesses with and for our clients. We work as a strategic part of the client's business to meet the commercial objectives needed from the Intellectual Property assets.

The Role

In addition to the usual drafting and prosecution, you will be involved in freedom to operate analysis, due diligence exercises, portfolio management and forecasting. Dealing daily with external clients from start-ups to multi-national corporations.

About you

- You will have a biological sciences degree
- You will ideally be recently qualified or part qualified, CPA/EPA, with at least three years patent experience
- You'll have first rate communication skills
- Ambition to play a leading role in an exciting, growing company

The Package

Competitive salary and benefits on offer, including free on-site parking, pension, life assurance, private health care, cycle to work scheme and discretionary bonus.
